

Guest Parking: Guests may park in the garage at **1501 McElderry Street, Baltimore, MD**. Make sure you pick up your parking ticket when entering the garage and keep it on you. You will need to pay the parking ticket at the staffed window or the kiosk machine before you return to your car to exit.

Directions: Below is a map of campus. I have marked in yellow where you drive into (guest parking is available in both garages on the left and right.) The green line is where you will walk from the garage to the meeting building. When you walk out of the garage, there will be a car drop off circle in front of you – turn right and walk alongside the parking garage – there is a gate that is open and a sidewalk there – walk straight and you will see the Koch Cancer Research Building (CRB) directly in front of you, circled in the image below. You can get to the auditorium from either CRB entrance, marked in green below.
